**Hard copy:** 1/98—8/01  
**Indexed:** CINAHL

## INTERNET SEARCHING

The MeL Internet offer access to websites from reputable sites, filtered by Reference Librarians from around the State.

These sites will provide better research than those elicited by a popular search engine.

### Finding Websites on MeL

Type in:

<http://www.mel.org>

After typing in the web address, you will be brought to the MeL homepage.

This page will have a section titled **MeL Internet Collection**. Click on this with your mouse.

The screen will display a variety of topics. Click on **Health Information Resources** for nursing and health related material.

The next available screen is broken down into different subjects, such as **diseases**. Click on this for specific topics such as **Cancer**.

## PERIODICALS ON MICROFILM

Back issues of periodicals are located on Microfilm.

## LIBRARY CATALOG

To find nursing books in the Library catalog (SIRSI):

Go to Glen Oaks Homepage:

<http://www.glenoaks.cc.mi.us>

Go to Library Services and then click on Library Online Catalog.

Once you have found a book you want in SIRSI, look for the following:

- **Call number:** listed above the book title.
- **Book Location:** listed on the far right side of the screen.

Many nursing books are held in *Closed Stacks* or on *Reserve* and must be requested at the Circulation Desk.

Student's ID will be requested.

## INTER-LIBRARY LOAN:

If you find an article that is only indexed in MeL, please inquire with the Library staff about Inter-Library Loan.

It generally takes ten days to two weeks to receive an item.

Students are not charged for this service unless the loaning institution charges a fee.

## MEL DATABASES

Databases within MeL have many book reviews, interviews, and critical articles related to nursing and healthcare.

MeL provides students with print articles that have been digitized for better searching. This means that after finding the citation to a particular article, the student does not have to find the actual print magazine in which it was originally published.

### Gale Group Databases

- *Health Reference Center Academic (HRCA):* Provides the full text of many articles.
- *Health and Wellness Resource Center:* Includes information related to alternative health.
- *InfoTrac OneFile:* Full text for many topics.

### OCLC First Search Databases

- *CINAHL:* An exhaustive index to Nursing and Allied Health. Minimal articles available in full text.
- *MEDLINE:* Covers all areas of medicine including dentistry and nursing.
- *WilsonSelect Plus:* Full text for many topics.
