Athletic Opportunities

In the 2021-2022 academic year, Glen Oaks Community College (GOCC) offered five (5) intercollegiate opportunities for men and five (5) intercollegiate opportunities for women.

Men	Women
Basketball	Basketball
Baseball	Softball
Golf	Volleyball
Cross Country	Cross Country
Bowling	Bowling

However, due to a lack of participation and men's and women's cross country did not compete. GOCC teams compete within the Region XII area of the National Junior College Athletic Association (NJCAA). GOCC is a league member of the Michigan Community College Athletic Association (MCCAA).

GOCC is committed to providing equitable athletic opportunities for men and women, in terms of both the number of opportunities available and the quality of the experience. The GOCC Athletic Department conducts regular administrative reviews to ensure continued provision of equitable athletic opportunities.

Athletically Related Student Aid and Recruiting Expenses: Men’s and Women’s Teams

Athletically related student aid is any scholarship, grant, or other form of financial assistance, offered by an institution, the terms of which require the recipient to participate in a program of intercollegiate athletics at the institution. Recruiting expenses are all expenses an institution incurs attributable to recruiting activities. This includes, but is not limited to, expenses for lodging, meals, telephone use, and transportation (including vehicles used for recruiting purposes) for both recruits and personnel engaged in recruiting, and other expenses for official and unofficial visits, and all other expenses related to recruiting.

Athletics Participation: Men’s and Women’s Teams

According to the federal regulations governing EADA reporting, a participant is defined as a student who, as of the day of a varsity team's first scheduled contest (A) are listed by the institution on the varsity team's roster; (B) receive athletically related student aid; or (C) practice with the varsity team and receive coaching from one or more varsity coaches. A student who satisfies one or more of these criteria is a participant, including a student on a team the institution designates or defines as junior varsity, freshman, or novice, or a student withheld from competition to preserve eligibility (i.e., a redshirt), or for academic, medical, or other reasons.

Head Coaches Assignments Men’s and Women’s Teams

The following tables list the number of head coaches assigned to each men’s and women’s teams, whether the coach is male or female, was assigned to the team on a full-time or part-time basis, and whether the coach was employed by the institution on a full-time basis or on a part-time or volunteer basis. For the purpose of this report, the term “Full-Time Employee” means the individual’s overall employment responsibilities at the institution are consistent with the institution’s definition of a full-time employee (e.g., 40 hours per week or more) although that individual may have responsibilities other than as a coach of that team, either within the athletic department or another department of the institution.

Operating (Game Day) Expenses Men’s and Women’s Teams

Operating (game-day) expenses, as defined by the EADA, are all expenses an institution incurs attributable to home, away and neutral-site intercollegiate athletic contests (commonly known as “game-day expenses”), for (A) Lodging, meals, transportation, uniforms, and equipment for coaches, team members, support staff (including, but not limited to team managers and trainers), and others; and (B) Officials. Coaching salaries and recruiting costs are not included.

GOCC is committed to providing its varsity teams with resources that enable an equitable quality experience for women and men. In some sports, in which the basic rules and nature of the sport are similar for both genders, the overall resources required to provide equitable experiences for female and male student-athletes are very similar for both teams. In other sports, basic differences necessitate larger budgets for one gender than the other.

For team travel, GOCC’s Athletic Department uses a standard “Per Diem” allowance for lodging and meals to ensure equitable treatment of all athletes. Therefore, differences in travel expenditures are primarily a reflection of differences in squad size and schedule length, both of which are governed by NJCAA and MCCA league regulations.

It should also be noted that each team’s expenditures fluctuate significantly from one year to the next, due to variations in home-and-away schedules, southern training trips, qualifications for post-season championships, and large equipment and uniform purchases that are made on a rotating or need basis every few years.
